Under Law No. 37 of 1867, to Confer upon the District Courts a Limited Jurisdiction in Matters relating to Land.

SCHEDULE C.

In plaints for the recovery of possession of lands or tenements on expiry of term of lease, or for non-payment of rent, the amount of the claim, for the purpose of calculating the court fees, shall be determined by the amount of the weekly, monthly, quarterly, half-yearly, or yearly rent of the land or tenement, according as such land or tenement has been let by the week, or by the month, or for any longer period: provided, that for this purpose the value shall in no case be assumed at less than ten pounds.

In cases of boundary dispute, and in all cases in which the value of the claim cannot be precisely estimated, that value shall be taken, for this purpose, at twenty-five pounds.

In other plaints for obtaining possession of land or tenements, the amount claimed shall be taken, for this purpose, at one pound for every acre so possessed: provided, that for this purpose the value shall in no case be taken at less than twenty-five pounds.

In plaints for the recovery of possession of land or tenements, if a claim be made also for mesne profits, or rent, the court fees upon such claim shall be according to the scale of fees in schedule C of "The Small Causes Law, 1867;" and such fees shall be in addition to the fees chargeable on plaints for the recovery of possession of land or tenements.

Subject to the above provisions, the court fees chargeable in cases tried under this law, shall be according to the scale in schedule C of "The Small Causes Law, 1867."

MILITIA.

The Militia Act, 9th Victoria, cap. 35, provides for the following Force :

3 Regiments of Cavalry	--	--	545 Men.
22 Regiments of Infantry	--	--	4,250 "
7 Companies of Artillery	--	--	176 "
			<hr/>
			4,971

The above Force is not embodied. In case of Invasion or actual Rebellion, the Governor may, with the consent of the Privy Council, increase the Militia.

JAMAICA POLICE AND CONSTABULARY FORCE.

CONSTABULARY.

Law No. 8 of 1867, constitute an improved Police Force, designated "The Jamaica Constabulary." The new Police is, to a considerable degree, under a military organization, given to it in order to its greater efficiency as a protective force, but it is essentially a civil body, and those constituting it are bound to discharge the duties which are imposed on Constables, either by the common or statute law.

The old Police Force is being disbanded by degrees, and replaced by the Constabulary. The maximum strength of the Constabulary Force is as follows :—

One Inspector-General.
 One Deputy Inspector-General.
 Three first-class Inspectors.
 Four second-class Inspectors.
 Eight third-class Inspectors.
 Fifteen Sub-Inspectors.
 Fifteen Sergeant-Majors.
 Thirty-four Sergeants.
 Sixty-eight Corporals.
 Two Hundred first-class Constables.
 Six Hundred second-class Constables.

But the Law does not render it obligatory on the Governor to raise the whole force, or to continue it at the full strength.

The pay of the Officers is on the following scale :—

Inspector-General, £600 salary, and £200 travelling allowance, with forage allowance for three horses (1s. 6d. each per diem).

Deputy Inspector-General, £350 salary, and £1 per diem travelling expenses, with forage allowance for three horses (1s. 6d. each per diem).

Each first-class Inspector, £300 per annum, with forage allowance for two horses (1s. 6d. each per diem).

Each second-class Inspector, £250 per annum, with forage allowance, as in the case of a first-class Inspector.

Each third-class Inspector, £200 per annum, with forage allowance as above.

Each Sub-Inspector, £130 per annum, with forage allowance for one horse (1s. 6d. per diem).

Each Sub-Inspector, when acting as the Inspector of a District, receives half the salary of a third-class Inspector, and half that of an officer of his own grade, making a total of £165 per annum, with forage allowance for two horses (1s. 6d. each per diem).

A second-class Inspector acts as Depot Inspector, or Instructor to the men while under military training, but receives no additional pay.

A third-class Inspector discharges the duties of Barrackmaster and Quartermaster, also without additional pay.

Young Gentlemen admitted by the Governor as Cadets receive the pay of first-class Constables, (2s. 10d. per day) and act as Adjutants at the Depot.

The following is the pay of the Sub-Officers and Men :—

Depot Sergeant-Major, 5s. per day.

Sergeant-Major, 4s. 6d. per day.

Sergeant, 3s. 6d. per day.

Corporal, 3s. per day.

First-class Constable, 2s. 10d. per day.

Second-class Constable, 2s. 4d. per day.

And 2d. per day additional to each mounted man, whether of the first or second-class.

No man is admitted into the Force except he produces a certificate from a Magistrate, a Clergyman, or other Gentlemen of position, testifying to his being of good character for honesty, sobriety, fidelity, and activity, and that his companions are reputable and above suspicion.

No person is eligible to be a member of the Force who is not capable of reading, without hesitation, any printed or written document, and of writing a fair hand; of sound constitution, able-bodied, and not below eighteen years or above thirty-five years of age, not less than five feet seven inches in height, and thirty-three inches round the chest.

The period of enlistment is five years, at the end of which time the Constable has the option of re-enrolment for a further term of five years, which entitles him to participate in the "Pension Fund," towards which each member of the Force (including Officers) contributes eight pence in the pound of their pay.

Sixpence per diem is stopped from each man while in Hospital, or on the Sick List, in aid of the medical expenses of the Force; but any man reported unfit for duty, through his own indiscretion, is assessed in the payment of an additional sixpence per diem.

Each Sub-Officer and man receives annually from Government one suit of Clothes and a pair of Boots; and is also allowed bed and bedding free.

Fifty-two horses are allowed the Officers of the Force for the more rapid transmission of pressing orders, reports, and important despatches, distributable as follows :—

Four for Head-quarter purposes.

Three for the Orderlies of the Inspector-General.

Two for the Orderlies of the Deputy Inspector-General.

Two for the Orderlies of each Inspector, except the Depot Inspector and the Barrackmaster and Quartermaster.

One for the Orderly of each Sub-Inspector.

POLICE.

The Police Force is under the command and superintendence of the Inspector-General of Constabulary ; and the Inspectors, Sub-Inspectors, Sergeant-Majors, Sergeants and Corporals of that Force, have the like authority in the Police Force as they have in the Constabulary Force.

Vere	Victoria Town	Joseph Hannah	No record within reach by which to fill up this column.	250	The number put down to express the <i>actual</i> , is by no means to be taken among what is the <i>virtual</i> attendance or adherence. This Church is the only Church in the island in connexion with the Church of Scotland, and, as a consequence, has many through the surrounding parishes, who, because of the distance, cannot regularly attend, but who come up to the Sacrament, and to whom Dr. Milne or myself go to perform marriage or baptism, as is required. The adherence or attendance therefore may set down about <i>one thousand</i> , as far as I can roughly estimate.

(a) With regard to the Board of Students, the expenditure includes washing, servants, fuel, lights, &c. The whole of the expenditure of the Institution averaged about £1600 per annum. Since the establishment of the Institution, there have been admitted as Students 290 males and 49 females. No females are now trained. Of this number, 68 have been dismissed as unsuitable and 251 appointed to Schools. The Institution was established in 1835, and is managed by Trustees resident in London.

(b) In former years the Fairfield Normal School received an annual grant of £50, which was subsequently merged by Government in the grant for Moravian Schools generally. Of the 18 Students at present in the Institution, three are Boarders at £20 per annum each. The deficiency caused by excess of expenditure over Income has hitherto been borne by the Moravian Mission.

(c) This Institution is as yet in its infancy, but it is in contemplation to increase the number of Pupils, if means for this purpose can be obtained. Each Pupil is required to pay £5 per annum towards her maintenance.

"The coins in circulation are almost exclusively British silver coins; until October, 1866, the United States half and quarter silver dollar pieces were current respectively, at 2s. and 1s.; but at that time the bank refused to take them, and they soon disappeared from the colony."

"Other coins, in small number, are current at proclamation value, but they can scarcely be said to circulate."

AMOUNT OF COIN IN CIRCULATION.

Estimated at £300,000.
